**Start of school.** The school year has started really well, with children happy and settled in their new classes.

**After School Clubs.** Thanks for all the slips already returned. Please assume that your child has a place in their chosen clubs, unless we email you to say the class is full.

**Data Checking.** Over the next week or so we will be sending home sheets with the information we hold for each child. Please check these and send back any changes, particularly mobile numbers and email addresses. If information is all correct there is no need to send back the form. We will also ask you to complete a generic trips permission form for walking trips through the year, and a photo permission form.
