

Autumn term homework choices

Science

This half term we have been learning about rocks in Science. Go on a nature walk and if you see any rocks try and identify them as either sedimentary, metamorphic or igneous! Take a picture and post it on Seesaw.

History

For this homework challenge you will need to turn into History detectives! I would like you to create a fact file full of pictures and information about any Roman remains in our county of Gloucestershire.

RE

Our value this term is kindness. Do something kind for someone at home then take a picture and write a paragraph explaining what you did.

Computing

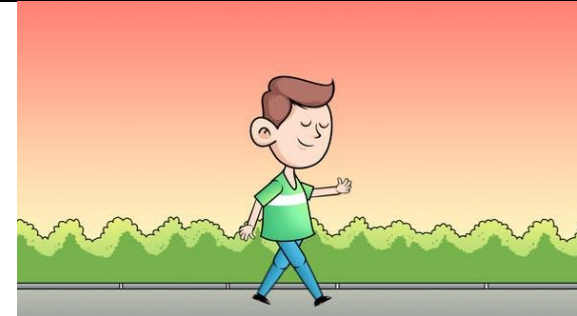

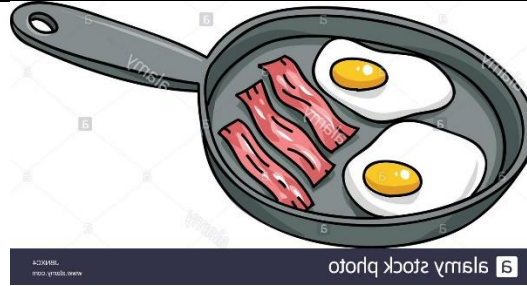

This term you have been developing your coding skills. Put these into practice using the online programme Scratch.

DT

Cook something delicious with an adult at home! Make sure you write down the name of the dish as well as the recipe! Take a picture and post it on Seesaw.

Geography

This challenge requires you to go on a family walk. On the walk make a list of all of the different ways the land is used around you. Eg. Roads for transport and houses for shelter.

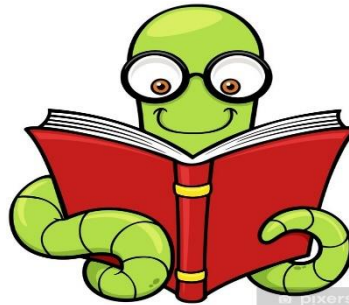

Art

Sketch your favourite view from your local area and post a picture of it on Seesaw!

Writing

Write a book review of your favourite book!

PE

Everyone remembers doing Joe Wicks workouts during lockdown! I would like you to have a go at creating your own fitness video! Take a video and post it on Seesaw!

Please tag your work in the Homework subject folder on Seesaw.
